3	22nd December 2023	ECOART EVENT (BFC) Reduce, Reuse, A creative way!!!	"WASTE ISN'T WASTE UNTIL WE WASTE IT" Recycle, Reuse is the mantra of our activity. ◆ To encourage creativity, to create importance of producing creative, novel, and environmentally friendly artworks. ◆ Leaf print art is a form of creative expression that involves using actual leaves to create patterns, designs, or images on various surfaces. ◆ Leaf painting is a wonderful way to combine a nature walk with art making, and it's a perfect art experience for everyone. ◆ 'Best out of waste" is an effort of our green club to encourage our youth to use their imaginative skills to create useful and innovative products. Thus, recycle it for reuse and reduce waste	35	11	19
4	20th January 2024	Mangrove cleanup	1. The primary goal was to remove debris and pollutants threatening mangrove ecosystems. 2. To enhance biodiversity and preserve habitat integrity. 3. To foster community awareness about the importance of mangroves.	20	8	12
5	19th March 2024	WORLD WATER DAY- Water Conservation Program (BFC)	The main objective of this event is to make the students and the academic community aware of the shortage of water sources which has led to conflict in society and between countries across the Globe. • The objective of water conservation is to sustainably manage and preserve water resources by minimizing wastage, promoting efficient usage, protecting ecosystems, ensuring equitable access to clean water, and addressing challenges such as droughts and water scarcity	60	26	34
